SCRIMBA

Frontend Career Path

03/2022 - current

NUCAMP

Frontend Web Development

03/2021 - 07/2021

WAUKESHA TECHNICAL COLLEGE

CNC Machinist

08/2014 - 04/2015

INTERESTS / ACTIVITIES

Church, bible study, soccer, basketball, football, and fishing

OBJECTIVE

Motivated Frontend Developer who brings creative and solution driven mindset to every team and project. Passionate about writing clean code. Brings knowledge of layout and responsive design that incorporate accessibility and user friendliness.

PROJECTS

PORTFOLIO WEBSITE

HTML, Sass, JavaScript

A portfolio website to display my projects. Used semantic HTML to structure and Sass for layouts (flexbox, grid) and responsive design. Used JavaScript for my form, mobile menu and modal functionality.

PASSWORD GENERATOR

HTML, CSS, JavaScript

Used HTML and CSS for layouts and responsive design. Used arrays to store all data and used a for loop to iterate and generate random character. Then used object to store each function and used filter to filter out checked/unchecked boxes. Also implemented click to copy function.

RECIPE FINDER

HTML, Sass, JavaScript

Implemented API to fetch data. Used map to iterate and return data then used template string to render data into HTML. Formatted calories to 2 decimal places.

WORK EXPERIENCE

GUHRING

CNC Machinist - 08/2016 - 05/2022

- Operate, setup, blue print reading, and edited programs,
- Adjust machine feed, speed and change cutting tools
